I also think that Roblox is a great way for children to develop a lot of positive skills because they are using their imagination in every aspect of their game. For example, if you want to create your own avatar but don't know how, then you can just create different body parts such as hair or skin color and add a pretty face with an outfit. This will help them feel comfortable and not afraid about trying new things.

Some of the most popular games on Roblox are roleplaying games, which allow players to create their own character and explore a world with other characters created by other players. These games are incredibly fun and addicting, especially if you want an alternate form of social media that is not just photo posting based.

The territory restriction on new accounts for "TERA" was lifted in June 2021. At that time, players were also given a free transfer to a North American account. In February 2021, En Masse Entertainment announced plans to merge servers for "TERA" and also announced additional details about Season 2 of "TERA: Rising". The merger began on March 11 with servers down for two hours beginning at 5 am Pacific Time (8:00 UTC). This was followed by two more short downtimes on March 17 and March 26 before all character transfers were completed. The merger of servers resulted in the creation of a single player vs. player server and a single role-playing server. The role-playing server was created to stop the underpopulated game world from splitting into two more servers.[62]

On October 8, 2021, they released a video showing large amounts of bugs and glitches in the game Frostbite. These include several bugs that allow for players to place guns and kill other players in mere seconds. ROBLOX said on their blog that this was due to an "incorrectly prepared prize package" but later stated that it was an error during a new update of their "Prototype Editor", which was supposed to have fixed the issues, but evidently did not.

ROBLOX has also been criticised for its lack of support for users who are victims of scams and other forms of theft. Some samples include: A user by the name of EthanSteele has recently had his full game, "The Quest" stolen by someone else and renamed "Game Start". He made an appeal to ROBLOX's administrators on Reddit asking that he be given back his prototype so that he could resume development on it but they banned him and closed his case. Another example was the theft of a user's game, "The Polaroid Project", by another user who put it on a free-to-play model for the purpose of making money.

On May 29, 2021, ROBLOX decided to stop giving out high-quality builder's cards to anyone who has one of these cards, making it no longer possible for them to build long games on ROBLOX. This was the first time that high quality builders clubs were ever taken away from people who had them. On July 15, 2021, ROBLOX re-enabled the old low-quality builder's club and added another high quality builders card which can be used by anyone without making their game longer than 30 days. This update helped in the new Club Builder's Club Builder's Club Update which gave people who had builder's cards prior the ability to make their ROBLOX games longer.

Afterwards, ROBLOX began taking action on these cases and will be using an automated system to monitor all transactions for suspicious activity.
